

## AT THE CITY HALL.

The Approaching Municipal Election the Principal Topic.

## THE LISTS OF THE CANDIDATES.

The Registration is 6,354 With the Prospect of Many More.

The mainings election now only ten days off is the principal topic of conversation about the city building, and will continue to be until after the votes are counted. Today marks two important events in the progress of the campaign. The registration books close tonight, and the central committees of the parties, with candidates nominated, must file their certificates of nomination with City Clerk MacAdams.

There is no Populist ticket in the field this spring. One that amounts to the same thing is an "Independent citizens' ticket" nominated and supported by all the Populists and a few malcontents. The Democrats have made nominations in the First and Second Wards only, while the Republicans have a full ticket in the field.

All of these certificates of nomination had been filed with Mr. MacFadden at noon, and he is preparing the ballots for the printer in the form prescribed by the Australian system. This ballot will show the following candidates:

*Reynolds' Ticket.*

First ward—For councilman, J. D. Patterson; for school board, S. C. Miller.

Second ward—For councilman, W. C. Stevenson; for school board, Jesse Shaw.

Third ward—For councilman (long term), S. B. Bradford (short term), S. Entinger; for school board, Rev. J. B. Thomas.

Fourth ward—Four councilmen, James Burgess; for school board, J. H. Squires.

Fifth ward—For councilman, J. T. Fulton; for school board, T. A. Beck.

For constables—Josiah Ross, W. H. Williams and Fred Stonestreet.

*Democratic Ticket.*

First ward—for councilman, Dell Small.

Second ward—for councilman, Albert Eames; for school board, S. R. Miller.

For constable—Lawrence Sheehan.

*Independent Citizens' Ticket.*

First and Second wards are the same as the Democratic ticket.

Third ward—For councilman (long term), John Elliott (short term), Jerry White; for school board, G. G. Lee.

Fourth ward—For councilman, F. G. Henning; for school board, Elias Shull.

Fifth ward—For councilman, J. H. Williamson; for school board, W. H. Williams.

For constables—J. E. Anderson, Chas. Miller and Lawrence Sheehan.

In this independent ticket a number of changes have been made by a committee authorized to do so, since the nominations were made. Dell Small is named in the place of William Green of the First ward, who declined to run. G. G. Lee is running for the school board in the place of Rev. C. M. Sheldon, who declined, and John Elliott and Elias Shull have also refused to run on this ticket, saying their names were used without their authority. Their places on the ticket have not been filled.

IT IS 6,354.

This Represents the Total Registration Today. It is Growing.

The registration has increased at a great rate within the last three or four days. The books close tonight until April 4th. The great increase is due largely to the candidates and their workers, who are anxious that as many of their friends as possible be qualified to vote on election day. This idea is carried so far that the daughter of one of the candidates for constable is hustling among her female friends and she has brought personally to the registration office a list of two score of names.

This morning there are 4,739 men and 1,675 women registered, a total of 6,354. This, while only half of the full registration, is surprisingly large in view of Commissioner Frank Herald's prophecy two weeks ago, that it was doubtful if it would exceed 4,000.

*The Superparty*

Of Hood's Saraparilla is due to the tremendous amount of brain work and constant care used in its preparation. Try one bottle and you will be convinced of its superiority. It purifies the blood which, the source of health, cures dyspepsia, overcomes sick headache and biliousness. It is just the medicine for you.

Hood's Pills are purely vegetable, carefully prepared from the best ingredients.

E. church.
